Student Fee Transparency (Section 2004-H)

Under the new transparency requirements, colleges and universities must now make all mandatory student fees available on their websites before each academic term begins. This online information needs to explain why each fee exists and detail how the collected funds will be used. This disclosure allows students to understand their financial obligations before the fees are assessed.

2026-2027 Mandatory Fees

Registration Fee

- Charged to: All Students. Flat Rate
- Purpose: Supports administrative operations for Admissions to Orleans Technical College.
- Use of Funds: The Registration Fee supports administrative costs for enrolling, maintaining student records and reviewing applicants' information.

2025/2026 Mandatory Fees Collected

Registration Fee: $42,125.25

Higher Education Cost Transparency (Section 2005-H)

In order for students to make fully informed decisions when selecting an institution of higher education, they need to be aware of the costs associated with attending that institution for the duration of their program. Section 2005-H requires each institution of higher education to provide the following information to prospective students:

Tuition & Fees:
Student Resources - Orleans Technical College

Types of Financial Aid:
Sources of Financial Aid - Orleans Technical College

Net Price Calculator:

Exit Counseling (Section 2006-H)

Institutions must provide financial aid exit counseling to students at the end of their final academic term, unless a student elects not to participate. Federal Student Aid (FSA) Federal Loan Exit Counseling does not supplant this requirement. Counseling may be in-person or online, and IHEs may partner with the Pennsylvania Higher Education Assistance Agency or a similar entity.
